Let's Join Forces to Create Great Futures for East Valley Youth

Our mission goes deep. More than just a helping hand, we are affecting change in communities, families, and future policy by providing a voice for all youth on the local, state and national levels.

Boys & Girls Clubs of the East Valley is an expert in after-school care with a reach of 11 Clubs and an excelling charter school strong; we're experts in our own fields. Let's work together toward a common cause. We have an incredible amount of experience to draw from in the youth development space, and leverage what we know to better serve kids and teens during out-of-school time.

Studies show that 1 in 6 kids do not graduate on time – unless they're Club kids. 90% of our alumni earned a high school diploma or equivalent. The Club Experience makes all the difference.

For every dollar invested in a Club, the surrounding community enjoy saved resources; that's \$1 invested in a Boys & Girls Club returning \$10 in economic benefit in individuals and society. That's real, tangible impact that affects generations.

Real, lasting change takes collaboration, big ideas and bold action. Join us in opening doors of opportunity and creating great futures.

We are a youth development organization with skilled, caring professionals who understand where every kid is coming from and truly help them shape their path toward a great future.
