

Suzy Foundation is a non-profit organization dedicated to bringing hope and support to families with special needs individuals. The community we build encourages special needs individuals to achieve their D.R.E.A.M.S. and make their own footprints in life's journey. There are numerous organizations dedicated to supporting special needs and we are lucky to be part of the common purpose. Suzy Foundation specifically supports the financial needs of families with special needs, assisting with the cost of assistive devices and therapies not covered by insurance. In our seventh year, thus far we have welcomed many individuals and their families into our community.

Suzy Foundation has covered the cost of speech therapies, specialized walkers, strollers, helmets for infants, camps, adaptive button devices, and so much more. Every time we help one individual, another has the opportunity to hear about us and apply for assistance. Through this process, we have come to the conclusion that these special needs individuals need more than just assistive devices and therapies not covered by insurance.....they need a day to feel special and independent. In an effort to address that we, with your help, have created Tempe Adapted Adventure Day (February 9, 2019)– a day completely for special needs individuals. This day is superhero themed and boasts a range of adventures and activities specially adapted for these individuals. Due to your organizations involvement, we were able to make last year's event bigger and better by having local heroes such as the Police Department and Fire Department come out. This year we hope to once again make this event bigger and better by continually adding more stations for these individuals. Other upcoming events include a Silent Auction (April 20, 2019).

Suzy Foundation wants to help more individuals achieve their D.R.E.A.M.S. and gain independence through this annual T.A.A.D. event.
